

As versatile as your job

The Starlock range

Try the new blades –
experience your Starlock moment

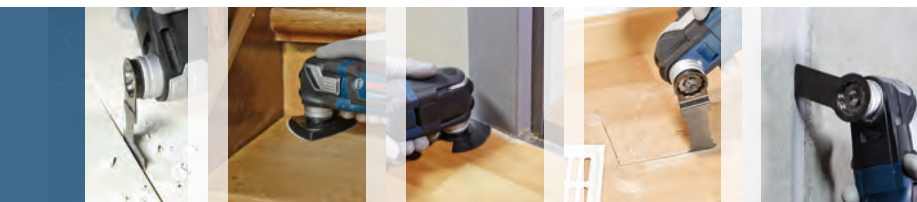

BOSCH
Invented for life

STARLOCK

Starlock from Bosch – a range as versatile as never before

48 blades for the best results in sawing, routing, rasping, cutting, scraping, sanding and polishing

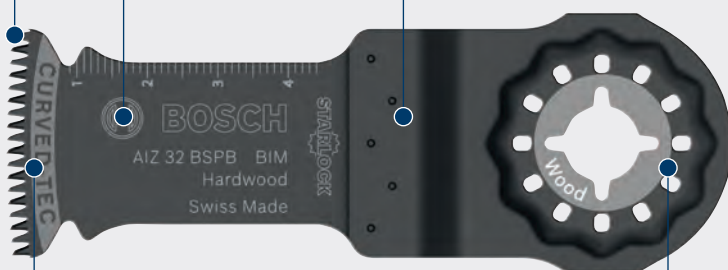

The main advantages of Starlock from Bosch

Japan tooth configuration made of BiM
for clean cuts in hardwood

Tapered base body
reduces jamming of
the base body

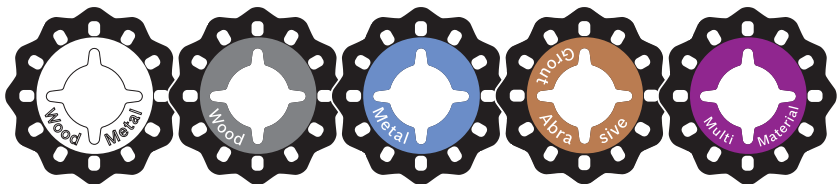

Sturdy mount
reduces blade wobbling
to enable a controlled,
precise cut

Curved-Tec
Rounded cutting edge for
precise, smooth plunge
cutting and less tooth
breakout on the sides

New Starlock mount
Maximum power transfer
thanks to 3-dimensional
quick-clamping system
(SDS)

Easy blade selection at the point of sale and in the toolbox thanks to unique color coding system

Starlock accessory fits all existing multi-tools from Bosch and other brands		STARLOCK	STARLOCK PLUS	STARLOCK MAX
				
	Starlock	●	—	—
	Starlock Plus	●	●	—
	Starlock Max	●	●	●
Other Multi-Tool Bosch GOP / PMF with OIS, Fein MultiMaster, Fein Multitalent, Makita, Hitachi, Metabo, Milwaukee, AEG, Einhell, Ryobi, Skil, etc.		●	—	—
● compatible — not compatible				

Maximum power transfer
due to tight-fitting 3D connection of machine and Starlock accessory

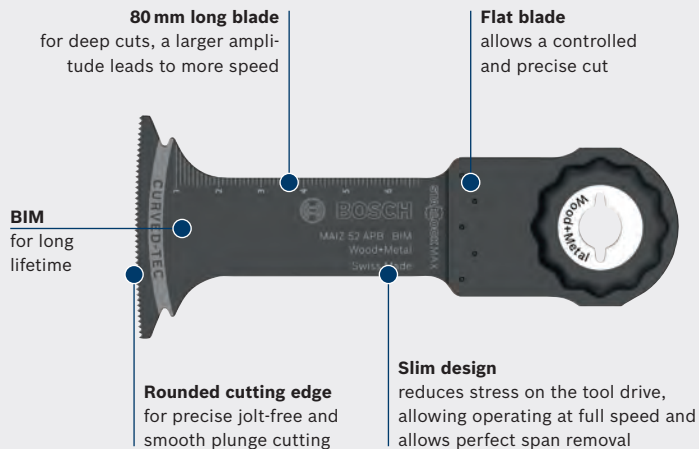

No more mismatching and damaging of power tools thanks to the three performance classes Starlock, Starlock Plus, Starlock Max

Accessory change within 3 seconds thanks to the new onehand snap-in system

Long Lifetime:

Bi-Metal technology meets the greatest demand in wood, plastic and metal

STARLOCK

AII 65 APB

65 × 40 mm,
Curved-Tec,
Long life

Pack quantity 1	Part no. 2 608 661 781
Pack quantity 5	Part no. 2 608 661 907
Pack quantity 10	Part no. 2 608 662 541

Pack quantity **1** Part no. **2608662567**

Pack quantity **10** Part no. **2608662613**

Carbide Technology

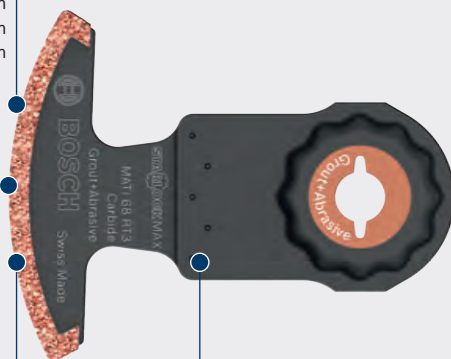

Removes joints in the most inaccessible corners

**Fast and effective
cutting of tile joints**
trough a width of 68 mm
and thickness of 2.2 mm
and 1.5 mm

Deep cuts
trough a length
of 30 mm

Robust RIFF coating
out of Diamond
Carbide or LMT

Flat balde
allows a controlled
and precise cut

STARLOCK
