Bosch Full Carbide 4-Cutter Head.

Supporting the Toughest.

Hammer drilling in reinforced concrete requires profound professional skills and reliable equipment. The new SDS max-8X drill bits have been designed for outstanding performance.

The Bosch unique full carbide 4-cutter head design gives you superior durability during the drilling, even through rebar. The extraordinarily strong and long lasting bonding between the steel body and the full carbide head enables outstanding lifetime under the toughest applications such as rebar drilling.

Outstanding durability
Full carbide 4-cutter head for exceptional performance and resistance in reinforced concrete

Stable and deep centring
Ultimate sharp 90° centring tip

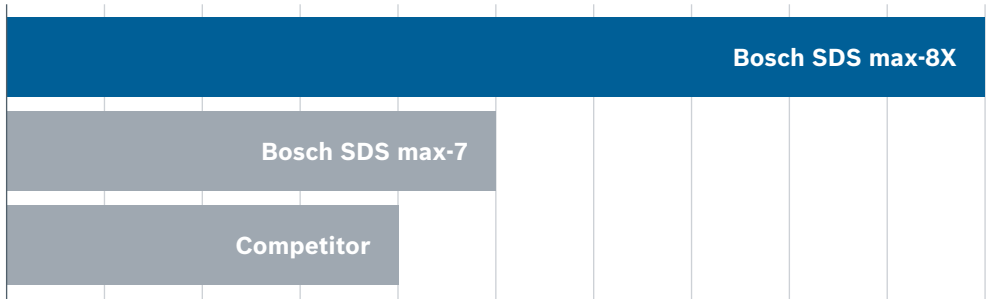

Extremely high stress and heat resistance
Strong and long lasting welded bonding between the steel body and the full carbide head of the drill bit

Outstanding performance.

Bosch SDS max-8X with 50% higher durability than other hammer drill bits.

Tests done by Bosch
with 16 x 340 mm SDS max drill bits
