BOSCH
Invented for life

NEW! Bosch diamond core cutters.
Increased robustness for more reliability.

BOSCH
Invented for life

Table of contents

For more robustness
even under difficult conditions

In the construction industry the working conditions are often difficult. There is a big need for robust and reliable diamond core cutters which can cope with tough conditions.

The new diamond core cutters with an increased thickness of the steel body and reinforced segment provide the desired robustness and reliability.

These diamond core cutters are optimized for the new and more powerful GDB 180 and GDB 350 drills and are suitable for all hollow tube applications like:

- ▶ ventilation ducts
- ▶ diverse pipes
- ▶ pilot drilling for anchors

Leader in quality and innovation – thanks to own in-house research and development

Innovative and high-performance products ensure sales success for specialist retailers. Bosch has applied for many patents and has built an extensive test centre with the aim of offering users more powerful, more precise products with longer lifetime, for efficient working at a high level of quality and safety.

Durable and robust new core cutter range

The new high quality diamond core cutters are responding to the needs of the user, mainly on the construction industry. The increased thickness of the steel body provides a higher robustness and also allows a very easy segment replacement. The laser-welded segments with rooftop design ensure optimal performance and reliability, even under demanding conditions.

- The new Best for Concrete diamond core cutters meet the need of specialized professionals like:
- Construction workers
 - HVACs
 - Demolishers
 - Renovators

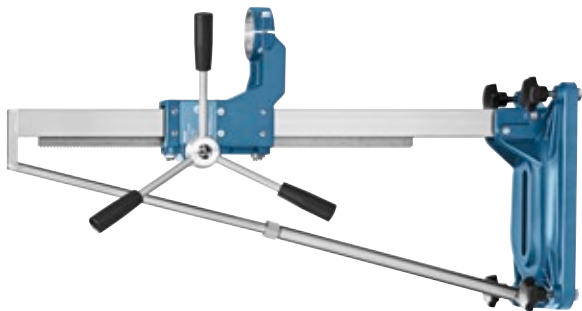

Benefit

► The new diamond core cutters provide the robustness and the durability I need in complex working situations

NEW! A powerful and robust core drilling system: with the new GDB 180 and GDB 350 drills ...

... and GCR 180 and GCR 350 drill stands

Diamond wet core cutters

Best for Concrete

Bosch Safety Accessories –
safety at the work place

Bosch – safety at the workplace

for safe work with all power tools

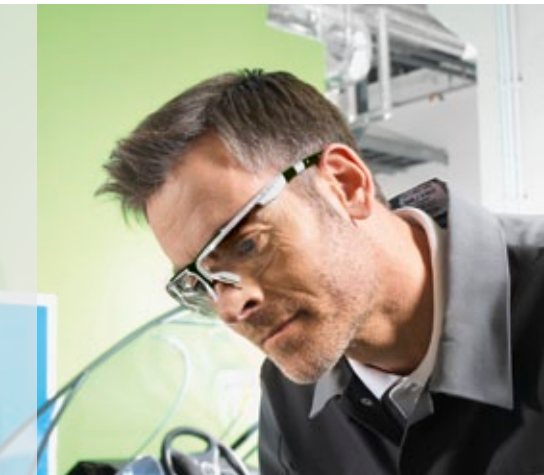

Protective glasses

The eyes are one of the most sensitive organs in the human body, and they are irreplaceable. For this reason, they must be protected against injury and harm. Safety plays an important role in this. Bosch protective glasses meet the strictest international standards and are exceptionally comfortable to wear.

Bosch protective glasses meet EN 166

Protect against:

- ▶ Dust
- ▶ Flying sparks
- ▶ Splinters
- ▶ Fragments
- ▶ Dirty water drips
- ▶ Falling objects
- ▶ Wind
- ▶ Rain
- ▶ Snow

Protect against:

- ▶ Dust
- ▶ Chips
- ▶ Splinters
- ▶ Fragments
- ▶ Bacteria
- ▶ Spores
- ▶ Smoke
- ▶ Mists

Ear protectors

Noise-induced hearing loss accumulates over time. You usually do not notice the effects until long after the damage has been done. Noise-induced hearing loss is often permanent and irreversible. However it can be avoided with the right protection. All Bosch hearing protection products have been tested in accordance with the applicable European standards and current EU legislation. Bosch ear protectors offer the most comfortable safety solution.

Bosch ear protectors meet EN 352

Protect against:

- ▶ Continuous noise
- ▶ Noise peaks (bang)
- ▶ Harmful volumes
- ▶ Harmful frequencies

Protect against:

- ▶ Heat
- ▶ Cold
- ▶ Moisture
- ▶ Sharp edges
- ▶ Splinters
- ▶ Rough surfaces
- ▶ Slipping

Protective masks

The work environment is not always free of dangerous substances that can harm the health of your employees. Some substances, such as fine dust, poisonous dust or aerosols, are often found in the workplace. The Bosch breathing protection range has been developed to make your work more comfortable and safer, and to protect you against harmful substances.

Bosch protective masks meet EN 149

Hand protection

Hand injuries are one of the most common types of accidents in the workplace. In addition to the consequences for the injured employee, they cause considerable costs for the company through loss of working hours. The innovative Bosch protective gloves are made of high-quality natural and functional fibres, which provide optimum protection and comfort and which prevent occupational allergies in many applications.

Bosch hand protectors meet EN 388
